The game consists mostly of escaping mazes created by the maze-meister in his strange maze universe and activating runes which unlock the maze exit, also has some fetch quests. Pros: Fun Has a story-line that's reasonably well presented in game. Has voice acting. Is humorous. Developer has clearly made a good effort. Lots of different and interesting locations. Lots of NPCs with dialogues. Achievements Zero in-game purchases, Zero loot boxes, Zero DLCs, no season pass etc. Bargain price. Cons: Poor frame rates in some places. Occasional crash. Not enough check points and it doesn't state when the level completion / new level check point is passed. Final judgement: Buy it..
